

120.10 GENERAL PROVISIONS

120.11 Title.

This Ordinance shall be known and may be cited as "The Zoning Ordinance of Cooper Charter Township."

120.12 Purpose.

In the interest of the public health, safety and general welfare, the purpose of this Zoning Ordinance is to prevent the overcrowding of land and buildings, avoid undue concentration of population, provide adequate light and air with due consideration to the character of the zone and its peculiar suitability for particular uses and with the objective of conserving the value of property and encouraging the most appropriate use of the land.

The purpose and intent of the Sections of this Ordinance pertaining to the regulation of sexually-oriented businesses is to regulate the location and operation of, but not to exclude, sexually-oriented businesses within the Township, and to minimize their negative secondary effects. It is recognized that sexually-oriented businesses, because of their very nature, have serious objectionable operational characteristics which cause negative secondary effects upon nearby residential, education, religious and other similar public and private uses. The regulation of sexually-oriented businesses is necessary to ensure that their negative secondary effects will not contribute to the blighting or downgrading of surrounding areas and will not negatively impact the health, safety and general welfare of Township residents. The provisions of this Ordinance are not intended to offend the guarantees of the First Amendment to the United States Constitution or to deny adults access to sexually-oriented businesses and their products, or to deny sexually-oriented businesses access to their intended market. Neither is it the intent of this Ordinance to legitimize activities which are prohibited by Township Ordinance, state or federal law. If any portion of this Ordinance relating to the regulation of sexually-oriented businesses or referenced in those sections is found to be invalid or unconstitutional by a court of competent jurisdiction, the Township intends said portion to be disregarded, reduced and/or revised so as to be recognized to the fullest extent possible by law., The Township further states that it would have passed and adopted what remains of any portion of this Ordinance relating to regulation of sexually-oriented businesses following the removal, reduction or revision of any portion so found to be invalid or unconstitutional.

120.13 Resolution.

Be it ordained by the Cooper Charter Township Board pursuant to the provisions of the State of Michigan Act, as amended, that the Ordinance heretofore enacted as the Zoning Ordinance of Cooper Charter Township is for: the establishment of zoning districts within which districts the use of land for agriculture, recreation, residence, industry, trade, soil conservation, water supply conservation and additional uses of land may be encouraged, regulated or prohibited, and for such purposes may divide portions of Cooper Charter Township into districts of such number, shape and area as may be deemed best suited to carry out the provisions of the Act; and to adopt within each district provisions designating and limiting the location, height, number of stories, size of dwellings, buildings and structures that may hereafter be erected or altered, including mobile homes, and the specific uses for which dwellings, buildings, and structures including mobile homes may hereafter be erected or altered; and for the regulation of the area of yards, courts, and other open spaces and the sanitary safety, and protective measures that shall be required for such dwellings, buildings and for the designation of the maximum number of families which may be housed in buildings, dwellings and structures, including mobile homes, hereafter erected or altered; to provide for a method of amending said Ordinance; to provide for the repeal of the Cooper Charter Township Zoning Ordinance adopted on November 25, 1947, as subsequently amended; to provide for the administering of the Ordinance; to provide for conflicts with other acts, Ordinances or regulations; to provide for the collection of fees for the furtherance of the purpose of this Ordinance; to provide for petitions and public hearings; to provide for appeals and for the organization and procedure of the Zoning Board of Appeals; and to provide for penalties for the violation of said Ordinance.
